

BRYAN'S POLICY

Of Declining Against Course of the Administration

IN THE PHILIPPINE ISLANDS

Not Endorsed by Rank and File of the Democratic Party—He will Have to Tune His Lay in Another Key—A Silverite who Does Not Think Free Coinage will Figure in the Next Campaign.

NEW YORK, July 17.—George H. Kenney, president of the Association of National Silver Clubs, said last night to a Times reporter:

"I do not think that free silver coinage will be made the principal issue in the platform the Democrats will adopt next year. If Mr. Bryan obtains control of the convention he will, of course, see that silver has a prominent place in the platform; but no man or faction can, I believe, force that issue back into the prominence it had in 1896. The party fears it would have no chance of winning on that old issue. Besides there is a clamor for new issues and a fight along new lines.

"I do not believe that anti-imperialism will be made the chief or even a conspicuous plank. The best men in the Democratic party either approve the policy of the administration or feel that the present course has been inevitable and must be fought through to success. It will not do for Bryan to put himself against the brains and patriotism of the country. Many of his friends have felt that he is only losing ground by his present policy of attacking the administration's policy, and have advised him to fight on ground where he can easily score a victory. We have urged him to attack McKinley for the palpable errors in the conduct of the war. He could score a hit by showing that it was due to the administration's dilatoriness that so much fighting and slaughter has been necessary, and by showing that our soldiers were actually starved in the field. Anti-expansion won't do. We succeeded last year in electing one Democrat in California merely because he favored the annexation of Hawaii.

"Again, the trusts are not going to be played very heavily as a political card. The Democrats recognize that the trusts have come to stay. They are also confused by the action of such capitalists as Havemeyer and Huntington, and there is a feeling that the trusts have at last got a pretty good stake in the Democratic party."

Mr. Kenney said that there is a very decided revolt in the south and east against Bryan.

"Gorman is stronger than he is usually considered," he said. "There is a strong disposition on the part of eastern and southern Democrats to try an eastern man next year, and Gorman may prove to be a very powerful factor in the result. The southerners are repeating that the western combination failed in 1896, and in 1898, and that the chief consideration at this time is success. They will, I believe, demand a Democrat who will unite the east and south, and one who will not in himself revive the old issues upon which we have met only defeat and disaster."

Eight-Hour Law Unconstitutional.

DENVER, July 17.—The supreme court to-day decided that the eight-hour law is unconstitutional. The law, which was enacted by the last legislature, applied only to mines, smelters and mills for the reduction of ores. The refusal of the American Smelting and Refining Company to pay the same wages for eight hours as had been paid for ten and twelve hours caused its smelters to be closed on June 15, when the new law became operative. This company, which is known as the Smelter Trust, will now endeavor to reach an agreement with its former employees as to wages and hours of labor and to reopen its smelters.

Claim She Is Insane.

AUSTIN, Texas, July 17.—A special from Corsicana, Texas, says: D. P. S. Jenkins, who lived at El Paso at one time, knows intimately Mrs. Rich, who is to be surrendered to the Mexican government for trial on a charge of murdering her husband, says the woman is undoubtedly insane, and that this insanity is a direct result of the treatment accorded her by her husband. He treated both of them professionally. When Rich first brought his wife to El Paso he said she was a splendid specimen of womanhood. The couple were married at Chicago during the world's fair.

St. Paul Bank Closed.

ST. PAUL, Minn., July 17.—The Germania State bank, capitalised at \$200,000, was closed by State Examiner Pope. After sustaining a heavy run two and a half years ago the bank was closed in January, 1897. However, with new capital the institution was reorganized and has been doing a moderate business for two years. The last statement showed deposits of \$449,000; cash on hand, \$61,000; total assets, \$521,495.

Spring Clean-up in Klondike.

VICTORIA, B. C., July 17.—The manager of a Dawson branch of a Victoria firm, writing from that city, says: "From reliable sources we have learned that the steamships Roanoke and Garonne will take from St. Michaels to Seattle and San Francisco

A Young Girl's Experience.

My daughter's nerves were terribly out of order. She was thin and weak, the least noise startled her, and she was wakeful at night. Before she had taken one package of Celery King she was able to sleep at night. She is rapidly growing well and strong, her complexion is perfect, and she sleeps well every night.—Mrs. Lucy McNutt, Brush Valley, Pa.

Celery King cures Constipation and all diseases of the Nerves, Stomach, Liver and Kidneys. Sold by druggists. 25c and 50c.

UNWELCOME GUESTS

Catarrh comes unbidden and resists our efforts to eject it.

It never comes alone; it brings neuralgia or nervousness; it may attack in several places at once. Lots of people have catarrh in the head, bronchitis, indigestion and kidney disease, and it is all catarrh.

When catarrh is understood it must be plain that no local treatment can reach it. Catarrh is systemic; it must be plucked out by the roots. The same remedy will cure catarrh wherever it is located if it will cure it anywhere.

Pe-ru-na has a spotless record as a cure for all catarrhal troubles. It has cured many thousands during its forty years of use by Dr. Hartman. Read this letter from W. O. Slessor, Reinbeck, Ia.:

DEAR SIR:—"I have used your Pe-ru-na for catarrh and neuralgia not over six weeks, and find it will do even more than you claim for it. I have used sprays of different kinds and got no relief. I was almost a total wreck until I commenced using your Pe-ru-na. You may publish this statement if it will help any poor sufferer. I was once sick in bed, not able to raise my head. After I heard of your medicine I determined to try it. After taking it a short time I was stronger, and it was not long before I was out of bed, and now I am stronger than ever."

Pe-ru-na Medicine Co., Columbus, O.

DEAR SIR:—"I have used your Pe-ru-na for catarrh and neuralgia not over six weeks, and find it will do even more than you claim for it. I have used sprays of different kinds and got no relief. I was almost a total wreck until I commenced using your Pe-ru-na. You may publish this statement if it will help any poor sufferer. I was once sick in bed, not able to raise my head. After I heard of your medicine I determined to try it. After taking it a short time I was stronger, and it was not long before I was out of bed, and now I am stronger than ever."

\$7,000,000 or a little more. The Canadian Bank of Commerce shipped \$1,500,000 to each place, the Alaska Commercial Company a little over \$500,000 and the North American Trading and Transportation Company \$500,000.

"We are informed by the Bank of Commerce managers that they had in sight here at one time this spring \$4,000,000. The bank people declare that the total output this year from the spring clean-up and summer work will not be less than \$18,000,000, and will probably reach \$20,000,000."

The Roanoke is reported to have entered the Sound last night.

Charged With Bigamy.

SPECIAL DISPATCH TO THE INTELLIGENCER. CHARLESTON, W. Va., July 17.—E. W. Harper, a farmer from Falling Rock, this county, is under bond here to answer to a charge of bigamy preferred by his first wife, who lives in this city. Harper had lived with her until three years ago, when he went up the Elk to obtain work. There he married a Miss England, a country girl of respectable family, and lived with her unmolested until last week, when he was arrested by a constable and brought here. Mrs. Harper No. 1 claims that they were married at Middleport, O., seven years ago. Harper denies that they were married. They have three children.

Carnegie's Gift to Steubenville.

SPECIAL DISPATCH TO THE INTELLIGENCER. STEUBENVILLE, O., July 17.—Andrew Carnegie has written here from Skibo Castle, Scotland, offering to donate fifty thousand dollars toward a public library building if the citizens will furnish a site and maintain it. Mr. Carnegie, in his letter, speaks of his early days when a telegraph operator in Steubenville. His offer will be accepted.

Horses for Cuban Service.

AUSTIN, Texas, July 17.—The federal government has sent agents to several points in Texas to secure horses for service in Cuba. The federal government is of the impression that the Texas horses, or mustang ponies, are especially adapted to service in a tropical country like Cuba, owing to their acquaintanceship with excessive heat and privation on the western plains, and for that reason they desire to secure 3,000 of these horses at once if possible.

Couldn't Swim.

LOWVILLE, N. Y., July 17.—Frank Ammond and Charles D. Van Dresen, aged 25 and 40 years respectively, were drowned on Pleasant lake last night. Edward White, who was with the men, swam ashore. The men were in a boat and attempted to change places, when the boat capsized. Ammond and Van Dresen could not swim. The three men resided at Copenhagen. Van Dresen leaves a wife and three children. The remains have not been recovered.

British Crops.

LONDON, July 17.—Harvesting commenced in the rye fields of Great Britain this morning. The oats crop will be cut a week hence, while the cutting of wheat will commence in the south-east district of England by July 31. The Mark Lane Express says that wheat promises a full average and barley an average, and that the oats crop is distinctly deficient.

Army of the Cumberland.

WASHINGTON, July 17.—General D. S. Stanley, acting president of the Society of the Army of the Cumberland, announces the next annual reunion of the society at Detroit, September 26th and 27th. The last annual meeting was postponed because so many of the prominent members of the society entered the army for the war with Spain.

Death of Eleven Prospectors.

CHICAGO, July 17.—A special to the Tribune from Victoria, B. C., says: "The steamer Tees brings news of the death of a party of eleven prospectors by drowning near Windy Arm. Those reported to have been lost are Mr. and Mrs. Mills, of Vancouver; Mrs. Klunne and daughter, and a young man named Harry Howard."

Strikers Shut Out.

NEW YORK, July 17.—Three hundred and seventy-five freight handlers on the Pennsylvania railroad company's piers, who struck last evening for higher pay, are practically shut out, as the railway company announced to-day that there will be no more night work on the piers. Agent Townsend said that the company had contemplated doing away with the night force for some time and that the strike had forced matters. There were but seven-

ty of the day force of three hundred and fifty men at work to-day on the piers.

15,000 MILE RACE

Between Three American Vessels for a Prize of \$1,000.

PHILADELPHIA, July 17.—A race of 15,000 miles for a prize of \$1,000 terminated at the Delaware Breakwater yesterday upon the arrival of the ships L. P. Chapman and W. F. Babcock and the bark St. Catharine from the Hawaiian Islands. All three are American built and American owned vessels and are commanded by American skippers. It was while the three vessels were taking cargoes of sugar in this country's newly acquired possessions that their masters arranged the race. Allowance was made for the difference of time in the departure of the vessels, but notwithstanding over two weeks elapsed between the departure of the first, the Babcock, and the last, the St. Catharine, all three vessels arrived within a few hours of each other, with the St. Catharine a winner.

The Babcock, Captain Colley, left Honolulu on March 8th. The Chapman followed from the same port a week later and the St. Catharine squared her sails from Hilo, a port several miles distant from Honolulu, on March 22d. It was after Cape Horn had been rounded when the St. Catharine came up to her competitors, the Chapman having caught the Babcock while both were in the Pacific. With the three vessels close together the race began in earnest with the St. Catharine steadily holding the lead. After being becalmed for a week near the equator the race once more began, the staunch bark still showing the way until the Delaware capes were reached and the rattle of her anchor chains brought the contest to an end. The others came in a few hours later and cast anchor about the same time. The Chapman is commanded by Captain Thompson and the bark by Captain Matthews.

NONE SO POPULAR.

It is Daily Gaining Favor in Wheeling.

Results Reported From People Who Have Given a Fair Trial to the Remedy.

Morrow's Kid-ne-olds, the scientific kidney remedy and backache cure, is daily gaining favor in Wheeling. No medicine has ever been sold in Wheeling for kidney ailments, backache, nervousness, sleeplessness and general debility, that has gained such popular favor as Morrow's Kid-ne-olds. Charles R. Goetze reports most excellent results from people who have used Kid-ne-olds and says "I will recommend them."

We give you the experience of Mr. John Snider, who lives at No. 2534 Chapline street, and says: "I was troubled with severe aching pains across the small of my back for some time, and was generally run down; I had no life or ambition, felt listless all the time and had no appetite. I read where Morrow's Kid-ne-olds would cure such cases and would build up the system generally, and as Charles R. Goetze, the druggist, guaranteed them to do just as recommended or refund the money, I obtained some from him and took them according to directions, and they cured me entirely in a very short time."

Now if Morrow's Kid-ne-olds will do so much for Mr. Snider, why not try it for yourself if annoyed with nervousness, sleeplessness and any form of kidney disorders? Kid-ne-olds cost only fifty cents per box and save many bodily aches and pains. They are not pills, but Yellow Tablets, which is the most scientific form of preparing medicine. Kid-ne-olds are put up in wooden boxes which contain enough for about two weeks' treatment and can be procured at Charles R. Goetze's drug store.

Descriptive booklet mailed upon request by John Morrow & Co., Chemists, Springfield, Ohio.

Protocols of Peace Conference.

WASHINGTON, July 17.—Secretary Hay has received all of the protocols of the proceedings of the Hague conference. Included among the papers is the draft of the arbitration and mediation treaty which is regarded as the most important achievement of the conference. The document, like all of the proceedings, is in French, the diplomatic language always used on such occasions, and translations are now being made at the state department. As there is occasion for the utmost haste in completing the work of the conference, our government has concluded not to depend upon the slow going mails to communicate to its delegates its approval of their work, but will by cable empower them to sign the protocols in the name of the United States. The treaties will of course require to be submitted to the senate for its approval.

Santiago's Surrender Celebrated.

HAVANA, July 17.—The anniversary of the surrender of Santiago de Cuba is being observed here to-day on several ships and over the American club and other buildings flags of the United States are flying. To-night a banquet will be served to army officers who participated in the Santiago campaign between June 15 and July 17, to officers of the navy who were on the Santiago blockade, and two correspondents who were in Cuba during the war. Thirty-six gentlemen will be present, including Generals Chaffee, Ludlow and Humphreys. Another dinner on similar lines will take place at Matanzas.

Won't Be There.

BALTIMORE, July 17.—Former United States Senator Arthur P. Gorman will not be able to attend the coming meeting of the Democratic national committee, which will take place in Chicago, Thursday next, but will be represented in the meeting by Colonel L. Victor Baughman, of Frederick county, who holds Mr. Gorman's proxy for this occasion.

First Case Under New Treaty.

YOKOHAMA, July 18.—The triple murder of an American named Ward and two Japanese women, the supposed cause being jealousy, brings an American sailor named Miller under the Japanese law as the suspected murderer. This is the first case under the new treaties which come into force to-day.

"I SUFFERED for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

CORRESPONDENTS COMPLAIN

Of the Rigid Censorship of Press Dispatches From the Philippines.

MANILA, July 11, via Hong Kong, July 17.—The constantly increasing strictness of the censorship of press dispatches from Manila, which has prevented the cabling to the United States of anything that did not reflect official views of important events and conditions, resulted in an united effort on the part of correspondents here to secure an abatement of the rigor of the censorship. The initiation in this direction was taken a month ago and resulted in the framing of a statement which was presented on Sunday, July 9, to Major General Otis, commanding the military forces of the United States in the Philippine islands, with a request for permission to telegraph it to the United States. The correspondents also asked that they be allowed to cable to their respective papers all facts and different phases of events as they transpired here. The correspondents had two long interviews with General Otis, in the course of which they complained that the evident purpose of the censorship was not to keep information from the enemy, but to keep from the public a knowledge of the real condition of affairs here. It was also asserted by the correspondents that newspapers printed in Manila, which reach the enemy quickly, are permitted to publish statements similar to those which correspondents are forbidden to cable. It was made clear to General Otis that the objection was to the system and not to the censor.

General Otis finally promised greater liberality, agreeing to pass all matter that he might consider not detrimental to the interests of the United States. General Otis appointed Captain Green, of his staff, censor.

The statement of the correspondents is as follows:

"The undersigned, being all staff correspondents of American newspapers, stationed in Manila, unite in the following statement:

"We believe that owing to official dispatches from Manila made public in Washington, the people of the United States have not received a correct impression of the situation in the Philippines; but that these dispatches have presented an ultra optimistic view that is not shared by the general officers in the field.

"We believe the dispatches incorrectly represent the existing conditions in the Philippines in respect to dimensions and demoralization resulting from the American campaign and to the brigand character of their army.

"We believe the dispatches err in the declaration that 'the situation is well in hand, and in the assumption that the insurrection can be speedily ended without a greatly increased force.

"We believe that the tenacity of the Filipino purpose has been underestimated and that the statements are unfounded that volunteers are willing to engage in further service.

"The censorship has compelled us to participate in this misrepresentation by excising or altering uncontroverted statements of facts on the plea, as General Otis stated, that 'they would alarm the people at home, or have the people of the United States by the ears.'

"Specifications: Prohibition of reports; suppression of full reports of field operations in the event of failure; numbers of heat prostrations in the field; systematic minimization of naval operations, and suppression of complete reports of the situation.

A Foolhardy Trip.

LIVERPOOL, July 17.—The steamer Holbein, which arrived in port yesterday, having on board Captain William S. Andrews, who set out from Atlantic City, N. J., on June 1, to cross the ocean in a dory 12 feet in length, reports that when off the banks of New Foundland the watch noticed Andrews' boat. The sea was rough at the time and some difficulty was experienced in getting Andrews aboard. Andrews was semidelirious and replied to questions incoherently. He had evidently undergone much privation and suffering. He has practically recovered.

Time Limit Nearly Up.

WASHINGTON, D. C., July 17.—The present week closes the period of two years prescribed by the Dingley tariff law, within which reciprocity treaties may be negotiated, and as a result there is much activity in those foreign quarters having reciprocity negotiations pending. The most important negotiation is that on the Franco-American treaty. Last week the negotiations had reached a rather critical stage, as neither side was quite satisfied with what had been given. But to-day the prospects have brightened materially, and it is said in high official quarters that there is every prospect of a final and satisfactory conclusion of the negotiations. Three treaties with Great Britain, relating to the West Indian colonies of Jamaica, Bermuda and Guiana, also remained to be signed.

Chandler Keeps His Word.

WASHINGTON, D. C., July 17.—As a sequel of the sensational scenes which accompanied the hearing before civil service commissioner Brewer last week in New Hampshire, when Senator Gallinger, of that state, was charged with having violated the civil service law in soliciting campaign subscriptions from federal office holders, Senator Chandler, it is understood, has lodged a formal complaint with the President against Mr. Brewer. All information as to how far the complaint goes, whether it asks for his removal or not, is refused at the white house.

To Great Dewey.

VIENNA, July 17.—It is understood that the United States minister to Austria-Hungary, Mr. Addison C. Harris and others connected with the American legation as well as most of the United States consuls in Austria-Hungary, are going to Trieste to greet Admiral Dewey upon his arrival there.

Boiler-makers' Strike.

CHICAGO, July 17.—Sixteen hundred members of the boiler-makers' and iron shipbuilders' union struck here to-day. They ask for an eight hour day, thirty cents per hour and a half holiday on Saturdays during the summer. Two hundred and fifty men employed by the Chicago furnace company are ore shovellers, also struck to-day for more pay.
